

Instruction manual for sample shipments

- 1 easy2cool paperfloc-Pouches and paperfloc-Liners are 100% recyclable disposable products. Please use a new sample package after every use.
- 2 Temperature-sensitive goods should be cooled to several degrees below the maximum permissible temperature before dispatch.
- 3 Avoid unfilled cavities where air can circulate and warm up. Fill cavities with cushioning material or easyAkkus.
- 4 Tape all open edges of the box at the top and bottom.
- 5 Please always put refrigerated goods at the bottom and surround them with easyakkus on the sides and top. Cold air sinks, warm air rises.
